## Polarized series

NORMAL

POLARIZED

BROWN

GREY

Polarized Series allows you to see where you have never seen before with clear vision. Proprietary filter technology enables Polarized Series lenses to allow only the uninterrupted light spectrum to reach your eyes, resulting in ideal visual perception and clarity. See the difference by easily differentiating bolder colors and deeper contrasts. Whether you're in town or on the highway, snow or water you'll see instantly the unprecedented difference and benefits of wearing Polarized Series lenses.
